Attention: Alan Fiksdal

Dear Sirs:

Re: Sumas Energy 2 Co-generation Facility

The Fraser Valley Regional District Board of Directors, at their meeting held April 26, 2000, unanimously resolved to support the City of Abbotsford in opposing the above-noted facility. Below is the resolution from the meeting.

"...THAT the Fraser Valley Regional District Board of Directors supports the Council of the City of Abbotsford in opposing the Sumas Energy 2 Co-generation facility on the issues of:

- the air emissions and air quality effect of the facility on the lower Fraser Valley airshed;
- increasing permitted sewerage flow from the City of Sumas to the JAMES Treatment Plant; and
- locating power lines within the City of Abbotsford, linking the planned Sumas Energy 2 facility to the Clayburn substation."
